

# I believe *in the* future *of* Ag

## 2020-21 ADVISOR GUIDE

*I Believe in the Future of Ag* allows your local FFA chapter to receive donations and build a supportive FFA community! Your local donors can support your chapter directly through the Nebraska FFA Foundation. Use the enclosed donation cards to make sure your chapter receives 100% of their donation.

### Show me the MATCHING money!

- 100% of the donations for your local chapter will be sent back to you in April and \$35,000 is available in matching funds.
- Funds can be sent back at anytime if you need the funds before April.
- \$30,000 will be returned proportionate to the amount your chapter receives in donations.
- If every chapter in your district receives funds through *I Believe in the Future of Ag*, an additional \$5,000 will be distributed to all chapters proportionate to the amount raised.

### Go on stage and win Husker football tickets!

- The top 20 chapters in the corporate sponsor scavenger hunt, who also receive at least \$500 in donations, will go on stage at state convention.
- Representatives from each of these chapters will also be invited to the *I Believe in the Future of Ag* Forum and Dinner at state convention.
- The top three chapters will win Husker football tickets.

### Don't Forget:

- Victoria can provide additional materials, like sample letters.
- The Nebraska FFA Foundation will not accept checks written by your school, FFA chapter or FFA alumni chapter.
- Donations made by check must be attached to a donation card and all information on the check must match the donation card or it will be returned.
- No checks will be accepted if sent in 60 days after the check date.
- If the check says anything about a good received (examples: fruit, plants, signs, etc.) the checks will be returned because the donations can't be for a good received.
